

Pinnacle Rock State Park

LOCATED ALONG U. S. Route 52, near Bramwell in Mercer County, West Virginia, **Pinnacle Rock State Park** is one of the more interesting wayside parks operated by the West Virginia State Park system.

Towering above the rugged mountains in the most southern part of the state, Pinnacle Rock is an unusual sandstone formation reaching 3,100 feet above sea level.

The park was opened in 1938 when the Conservation Commission purchased a 26-acre tract of land surrounding the rock. Parking areas, walkway and a large picnic shelter with a huge stone fireplace were then constructed by the Works Progress Administration (WPA) in conjunction with the state of West Virginia. Today there are nearly 400 acres that include Jimmy Lewis Lake located nearby within the park boundary.
